

Before & After School Recreation

Park District Before School Recreation Program

Northfield Park District provides a before school recreation program for the 2017 - 2018 school year. This program is open to all Middlefork School students and runs every day that school is in session, including early dismissal days. Our staff will keep the morning interesting with games, art projects and other activities. Children can be dropped off anytime between 7AM to 8AM and are brought to school at 8:15AM.

Description	Fee
10 Punch Pass	\$150
20 Punch Pass	\$275
Annual Membership	\$1,350

With last year's success, we will once again use a punch pass system. You can purchase 10 or 20 punches to be used whenever you'd like, or maximize your savings and purchase an annual membership which covers one child for the entire school year.

Park District After School Recreation Program

Back again for the 2017 - 2018 school year! Northfield Park District will offer after school recreation for children in Kindergarten through 3rd grade. This program will run every day that Middlefork School is in session, including early dismissal days. We will continue to offer our traditional after school sports and enrichment classes in addition to this program. Park District staff will pick up the children from school at their dismissal time. Our staff will also run the program and coordinate any children who choose to participate in our after school sports and enrichment programs.

During the program children have time to do homework, eat a snack, along with coordinated recreation activities run by our staff. Children can be picked up anytime during the designated time frame for which they are registered. A \$15 fee will be assessed for late pickup of children.
